A Sincere Message

Thanksgiving and the upcoming festive season are about taking the time to reflect on what we're grateful for and to reconnect with the people who matter to us. We'd like to extend our warmest thanks to all of you for your dedication to your healthy smiles – such a critical part of your overall health and well-being.

It's important to us that each of you know how much we appreciate your commitment and loyalty to us. It's a pleasure serving you, and we are all so grateful that you are a part of our practice family.

We are grateful for your ongoing loyalty and support.

Yours in good dental health,

White Fillings – Replace unsightly silver-colored fillings with new white composite or porcelain materials.

Crowns – Restore the shape & color as well as repair the function of your teeth.

Rich Super Foods

Consider the following menu ... Perfectly Poached Eggs, Cinnamon French Toast with warm Blueberry Preserves, Black Tea with a dash of Buckwheat Honey. Sounds like an indulgent brunch, yet all elements contain superfoods – extremely nutrient-rich foods which help prevent disease.

Eggs – Rich in vitamin D (strengthens bones and teeth) and high in essential nutrient choline (aids heart and brain health).

Cinnamon – Anti-inflammatory (may reduce risk of gum disease) and helps control insulin levels.

Blueberries – One of the best antioxidant sources and high vitamin C supports healthy gums.

Black Tea – Helps prevent dementia and lowers cholesterol.

Honey – Anti-microbial properties (helps fight mouth and throat infections).

When combined with a varied and balanced diet, these superfoods can help you live a healthier more-delicious life!
